**720-X-1-.01 Description Of The Board.** The Board is a nine (9) member Board appointed by the Governor. The referenced statute describes the organization, general course, method of operation and method of public information. The public may make submissions and requests to the Board in writing through the mailing address:

Alabama Plumbers and Gas Fitters Examining Board  
 216 Aquarius Dr., Suite 319  
 Homewood, Alabama 35209

**Author:** James M. Morgan

**Statutory Authority:** Code of Ala. 1975, §34-37-2.

**History:** Filed February 6, 1991. **Amended:** Filed June 14, 2018; effective July 29, 2018. **Amended:** Published August 31, 2022; effective October 15, 2022.

**720-X-1-.02 Minimum Standards For Installation, Service, And Repair.**

(1) In the absence of locally adopted codes, or minimum standards for the installation, service, and repair of plumbing, gas, and medical gas, the board, pursuant to its authority under Section 34-37-2(a), Code of Ala. 1975, adopts the following minimum standards for the installation, service, and repair of plumbing, gas, and medical gas for all certified plumbing, gas, and medical gas contractors:

(a) All certified plumbing and gas contractors shall comply with the minimum technical standards required by the 2021 International Residential Code for residential plumbing and gas installations, service, and repairs. The administrative sections in Chapter 1 shall not be applicable. Where there is a conflict between this code and a locally adopted code, this code shall govern.

(b) All certified plumbing contractors shall comply with the minimum standards of the 2021 International Plumbing Code for commercial plumbing installations, service, and repairs.

(c) All certified gas contractors shall comply with the minimum standards of the 2021 International Fuel Gas Code for commercial gas installations, service, and repairs.

(d) All certified medical gas contractors shall comply with the minimum standards of the 2021 International Plumbing Code for Nonflammable Medical Gases and the NFPA 99 for flammable medical gases. Requires certification from NITC or other board approved agency or entity.

CHAPTER 720-X-2  
DEFINITION OF PLUMBING

TABLE OF CONTENTS

720-X-2-.01      Definition Of Plumbing  
720-X-2-.02      Onsite Wastewater

720-X-2-.01      Definition Of Plumbing.

(1)            With respect to the single-family residential dwelling domestic water supply, the water line from the meter to the building or from the outlet side of a well pump to the building is considered plumbing. With respect to the sewer, the building sewer begins at the connection with the building drain and is considered plumbing until it reaches the property line, an individual disposal system, or a point within an easement or right-of-way.

(2)            Non-residential domestic water supply and sewer represented by mechanical drawings signed and sealed by an engineer licensed in the State of Alabama shall be considered plumbing. Non-residential domestic water supply four inches in diameter and greater, and sewer lines six inches in diameter and greater, represented by civil drawings signed and sealed by an engineer licensed in the State of Alabama shall not be considered plumbing.

(3)            Sewage grinder pumps and sewage lift stations with discharge lines four inches and greater, and force mains four inches and larger shall not be considered plumbing.

(4)            Cutting, boring, and removal of concrete shall not be considered plumbing.

**Author:** James M. Morgan

**Statutory Authority:** Code of Ala. 1975, §34-37-2.

**History:** Filed February 6, 1991. **Amended:** Filed February 5, 2016; effective March 21, 1016. **Amended:** Filed June 14, 2018; effective July 29, 1018.

720-X-2-.02 Onsite Wastewater.

(1) On-site wastewater disposal systems which are represented by drawings signed and sealed by an engineer licensed in the State of Alabama shall not be considered plumbing.

(2) Any other onsite wastewater disposal systems which are permitted by the Alabama Department of Public Health shall not be considered plumbing. For the purpose of this rule, the building sewer, as defined by Alabama Department of Public Health Administrative Rule 420-3-1-.01(19), shall be considered part of the onsite wastewater disposal system.

(3) Sewage grinder pumps or sewage lift stations or pumps of any type that are installed or maintained as a component of an onsite wastewater disposal system shall not be considered plumbing and shall require an installer licensed by the Alabama Onsite Wastewater Board.

**720-X-4-.02 Applicant For Journeyman Or Master Certification From Another State.**

(1) The board may allow an individual who holds a license, certification, or classification in another state as a Journeyman Plumber; Journeyman Gas Fitter; Master Plumber; or Master Gas Fitter to become certified at the corresponding level in Alabama under the following conditions:

(a) Applicant must provide proof of U.S. citizenship or, if applicant is an alien, proof of lawful presence.

(b) Applicant must provide verification from the other state's examining/certifying agency that the applicant is currently licensed, certified, or classified at the level corresponding to the level of certification requested in Alabama.

(c) Applicant must provide verification from the other state's examining/certifying agency that the applicant is in good standing and has no pending disciplinary actions in said state.

(d) Applicant must receive a minimum score of seventy (70) on the board's test for the corresponding level of certification in Alabama.

(2) All information must be provided on forms approved by the board. Once all required documentation has been submitted, the board or its designee will review and verify the accuracy thereof. No application will be considered complete and forwarded for review until all information and official documentation has been received at the board's office.

Applications expire ninety (90) days after initial submission.

**Authors:** Kelly Butler, James M. Morgan

**Statutory Authority:** Code of Ala. 1975, as amended, §34-37-2(a).

**History: New Rule:** Filed July 1, 2019; effective August 15, 2019.

#### **720-X-4-.03 Military Family Jobs Opportunity Act Applicants.**

(1) Pursuant to the statutory requirements found in Act 2018-540, as codified at Code of Ala. 1975, §31-1-6, any applicant for certification as a journeyman plumber, journeyman gas fitter, master plumber, or master gas fitter who is considered an "eligible individual" under Code of Ala. 1975, §31-1-6(c) shall be issued a certificate under the following conditions:

(a) he or she must possess a valid license or certificate issued by another state, district, or territory of the United States, or from any branch of the United States Armed Forces, including the National Guard; and

(b) the licensing or certification requirements of the issuing body must be greater than or substantially similar to the certification requirements of this board, as determined by the executive director's review; and

(c) the applicant must submit a completed application which documents compliance with the board's certification requirements.

Upon satisfaction of these conditions, the application will be submitted to the executive director for review. Approval will result in the issuance of the appropriate certificate to the eligible individual allowing him or her to continue working at the same certification level for one (1) year. All approvals will be reported to the board at its next regularly scheduled meeting.

(2) In the event the applicant's certifying jurisdiction did not promulgate certification requirements greater than or substantially similar to the certification requirements of this board, as determined by the executive director's review, the applicant will be notified of the specific requirements which must be met prior to receiving certification from the State of Alabama. In accordance with Code of Ala. 1975, §31-1-6(b)(2), the eligible individual concurrently will be granted a temporary permit to continue working in the same field and at the same certification level for one hundred eighty (180) days while he or she completes the specific requirements necessary to obtain a certificate from this board. Subject to the approval of the executive director, such temporary certification period may be extended as necessary to promote the intent of the Military Family Jobs Opportunity Act. All temporary certifications will be reported to the board at its next regularly scheduled meeting.

(3) Any applicant for certification as a journeyman plumber, journeyman gas fitter, master plumber, or master gas fitter who is considered an "eligible individual" under Code of Ala. 1975, §31-1-6(c) and who properly submits a request for waiver of the initial license fee shall receive the same within thirty (30) days of the board's receipt of the required documentation for waiver.

(4) A completed application submitted pursuant to this section will be administratively expedited.

**Authors:** Kelly Butler, James M. Morgan

**Statutory Authority:** Code of Ala. 1975, as amended, §34-37-2 and §31-1-6.

**History: New Rule:** Filed July 1, 2019; effective August 15, 2019.

#### **720-X-4-.04      Emergency Certifications.**

(1) When a state of emergency is declared by the Governor of the state of Alabama pursuant to Code of Ala. 1975, §31-9-8, the Executive Director is authorized to waive requirements for the issuance of a certificate for journeyman plumber, journeyman gas fitter, master plumber, or master gas fitter for an out-of-state applicant, provided the applicant can produce a current equivalent license or certificate from another state, district, or territory of the United States, or from any

branch of the United States Armed Forces, including the National Guard. At the request of the Executive Director, any applicant for emergency certification shall produce verifiable evidence of the applicant's good standing in the state of origin as a condition precedent to consideration of an application.

(2) The Executive Director is also authorized to waive one-half (1/2) of the applicable fee set forth in r. 720-X-4-.01.

(3) Where the state of emergency does not affect the entire state, any certification issued pursuant to this regulation shall be valid only in the counties designated in the Governor's proclamation.

(4) Certification granted pursuant to this regulation may be issued for the duration of the state of emergency, beginning at the declaration of the state of emergency and ending when the state of emergency is declared by the Governor to have ceased, or, in the alternative, when the state of emergency expires under its own terms.

(5) Notwithstanding the provisions of subsection (3), no certification granted pursuant to this regulation shall be valid for longer than sixty (60) days.

(6) Certifications granted hereunder are non-renewable and non-transferable.

(7) Certifications granted hereunder shall be governed by the same statutory and regulatory requirements which govern any other certification issued by this board.

(8) At all times during the state of emergency, each emergency certificate holder shall keep available for inspection his board-issued proof of certification granted hereunder.

**Statutory Authority:** Code of Ala. 1975, as amended, §34-37-2.

**History: New Rule:** Filed July 1, 2019; effective August 15, 2019.

720-X-4-.05 Reciprocity With Alabama Liquefied Petroleum Gas Board.

(1) An individual who holds a current *Employee Competency Card* with a *Service Technician (Residential & Commercial)* endorsement from the Alabama Liquefied Petroleum Gas Board ("LP Board") may apply for reciprocity from the Board and receive certification as a Master Gas Fitter under the following conditions:

(a) Applicant must provide proof of U.S. citizenship or, if applicant is an alien, proof of lawful presence;

(b) Applicant must provide verification from the LP Board that he or she possesses a current and valid *Employment Endorsement Card* with a *Service Technician (Service & Residential)* endorsement;

(c) Applicant must provide verification from the LP Board that he or she has possessed and exercised with field application the *Employee Endorsement Card* for a minimum of three (3) years since acquisition;

(d) Applicant must provide verification from the LP Board that he or she is in good standing and has no pending disciplinary actions.

(2) Upon verification of the application and its contents, administrative approval will be granted and a Master Gas Fitter certificate will be issued to the applicant upon payment of all prescribed fees.

(3) Any reciprocity application where a negative disciplinary history from the LP Board has been found will be subject to the director's review and approval.

**Statutory Authority:** Code of Ala. 1975, §§34-37-2; 34-37-17, as amended.

**History: New Rule:** Filed September 27, 1995; effective November 1, 1995. **Amended:** Filed February 5, 2016; effective March 21, 2016.

**720-X-12-.02 Registration As Principal Master Plumber.**

(1) As defined in Code of Ala. 1975, §34-37-1(13), a "principal master plumber" is responsible for the business conducted by the legal entity with which he or she is "actively and continuously connected." In order to affirmatively establish these required parameters and to be registered as the principal for a legal entity, an individual must:

(a) be duly registered and certified by the State of Alabama as a master plumber;

(b) be an active employee of the legal entity and not an independent contractor; and

(c) provide verifiable documentation to substantiate the above as requested by the board or board staff.

(2) No individual shall be registered as the principal master plumber for more than one legal entity regulated by the board.

**Statutory Authority:** Code of Ala. 1975, as amended, §34-37-2.

**History: New Rule:** Filed July 1, 2019; effective August 15, 2019.

**720-X-12-.03 Separation Or Death Of Principal Master Plumber Or Principal Master Gas Fitter.**

(1) In the event a principal master plumber or principal gas fitter separates by termination, layoff, or voluntary resignation from the legal entity operating under his or her certification, the principal master plumber or principal master gas fitter and the legal entity shall each be responsible for notifying the Board within five (5) days of the separation by submitting the appropriate form prescribed by the Board.

(a) Upon separation, the former principal master plumber or principal master gas fitter shall not attempt to perform in such capacity for himself or any other employer or entity until he or she has been removed as principal master plumber for the former employer and approved by the Board as principal master plumber or principal master gas fitter for his or her new employer.

(b) Upon separation, the entity must immediately cease entering all contracts, both verbal and written, for the performance of plumbing and/or gas fitting work. All certificate holders employed by the entity who have been operating under the principal master plumber or principal master gas fitter's certification must immediately cease all installation, maintenance, servicing, and repair of plumbing or gas systems until a new principal master plumber or principal master gas fitter has applied to and been approved by the Board.

(2) In the event a principal master plumber or principal master gas fitter is no longer able to hold a valid certificate from the Board due to his or her death or mental or physical incapacity, the legal entity employing him or her shall provide written notice to the Board of the principal master plumber or principal master gas fitter's death or incapacity within forty-five (45) days of the principal's death or incapacitation. The entity submitting notice must provide all documentation requested by the Board to establish the principal's death or incapacitation, including, but not limited to, a death certificate or physician's attestation of incapacitation.

(a) Upon timely and complete submission of notification, the legal entity may request a limited waiver of the principal master requirement so that the entity and its certified employees may continue operating on a temporary basis. Any request made later than forty-five (45) days after the principal's death or incapacitation may be denied after a show cause hearing by the Board.

(b) Any waiver granted under (2)(a) shall expire after the 90th day following the date of the qualifying event as established by the death certificate or the physician's attestation. The entity may continue to enter new contracts and engage in the installation, maintenance, service, or repair of plumbing or gas systems while the waiver remains active. However, upon expiration of the waiver, the entity must immediately cease those operations unless and until a certified master plumber or master gas fitter has applied to the Board and been approved as the new principal master plumber or principal master gas fitter for the entity.

CHAPTER 720-X-14  
DEFINITION OF MEDICAL GAS PIPING SYSTEMS

## TABLE OF CONTENTS

## 720-X-14-.01 Definition Of Medical Gas Piping Systems

**720-X-14-.01 Definition Of Medical Gas Piping Systems.** Due to the threat to human life, no one shall install any medical gas piping or breach the integrity of any medical gas piping system unless the person has first received an endorsement for medical gas piping from the Alabama Plumbers and Gas Fitters Examining Board and such endorsement is affixed to the current certificate for competency issued to said person and the certificate is in their possession. No endorsement from the Alabama Plumbers and Gas Fitters Examining Board shall be issued or shall be valid unless said certificate holder also holds a current National Inspection Testing Certification (NITC), or other board approved agency or entity in medical gas fitting and is in possession of a valid NITC card, or card from another board approved agency or entity evidencing current certification. Annual renewal of the medical gas fitter endorsement requires submission to the Board of the medical gas fitter's NITC, or other board approved agency or entity card evidencing a current, valid NITC certification, or other board approved agency or entity certification. Replacing cylinders and filters, and performing routine and preventive maintenance that does not breach the integrity of the medical gas piping system and does not constitute the installation, repair, or replacement of medical gas piping shall not require a medical gas piping endorsement.

BAD CHECKS

TABLE OF CONTENTS

720-X-16.01      **Bad Checks**

**720-X-16-.01      Bad Checks.** If a check or negotiable instrument is dishonored, the writer of the check or instrument will be required to tender payment of the full amount of such check or instrument plus a service charge of \$30.00 as established by *Section 8-8-15* of the Code of Ala. 1975.

(1)            If the dishonored check or instrument was tendered for the purposes of sitting for an examination, payment of the full amount of such check or instrument plus a service charge of \$30.00 must be paid in full prior to the individual being allowed to take the said examination. If the individual has already taken the examination prior to the Board's office receiving notification of the dishonored instrument, the individual's results will be held until such time as payment is made in full including the service charge.

(2)            If the dishonored check or instrument was tendered for the purposes of renewing an individual certification, registration, or payment of fines or penalties, the certification or registration shall be invalid and will not be considered in good standing unless the full amount of such check or instrument plus a service charge of \$30.00 is paid within thirty (30) days.

(3)            If the dishonored check or instrument was tendered for the purposes of applying for a certification or registration, the application will not be processed until such time as the payment is made in full, including the applicable \$30.00 service charge.
